

Molecular Neuroscience

The Department of Biology, College of Natural Sciences at the Río Piedras Campus of the University of Puerto Rico announces a search to fill a full time, tenure track faculty position in the area of **Molecular Neuroscience**, to begin in August, 2016.

Requirements: Applicants must have a Ph.D. or equivalent degree in Molecular Biosciences or very closed related disciplines from an accredited university; professional and research experience in one or more of the following areas of expertise: Molecular Neuroscience or Neurobiology. The successful candidates must also have a solid academic preparation and must also be committed to excellence in teaching at both the undergraduate and graduate levels; proficiency in Spanish and English, and teaching experience at the university level.

Responsibilities: To teach undergraduate and graduate courses and seminars; conduct research and publish in their areas of specialty; develop proposals seeking external funding; participate actively in departmental activities and projects, as well as those at the College of Natural Sciences and the Río Piedras Campus and to fulfill all other obligations of a teaching job.

Evaluation will start on November 27, 2015 and applications will be received until the position is filled. Applications, must send: 1) cover letter describing their academic philosophy and vision of the area of expertise, research, creation and teaching; 2) evidence of their research, publications and creative work; 3) official academic credentials of all their degrees; 4) curriculum vitae; and 5) three recommendation letters to:
